WINTER REMINDERS

MAILBOX PREPARADNESS

Now is the time to check mailboxes and mail box posts to ensure they will withstand a Wisconsin winter. Replace any screws that are missing and replace rotted posts. The Village Public Works Department makes every effort to avoid mailboxes when plowing snow from village streets, but occasionally snow rolling off the plow will damage a mailbox post. We will make every effort to prevent this from happening.

WINTER PARKING

Whenever there is an accumulation of snow of one inch or more, or whenever icing conditions are prevalent which requires sanding or salting, no person, except emergency personnel on official emergency calls shall park any vehicle on any village street, alley or right of way within the Village of Paddock Lake at any time of day or night.

ROAD SALT

The Village Board has determined to reduce the amount of road salt used on village roads during the winter by 40% or more to save the environment. Please remember this while driving on village roads this winter.

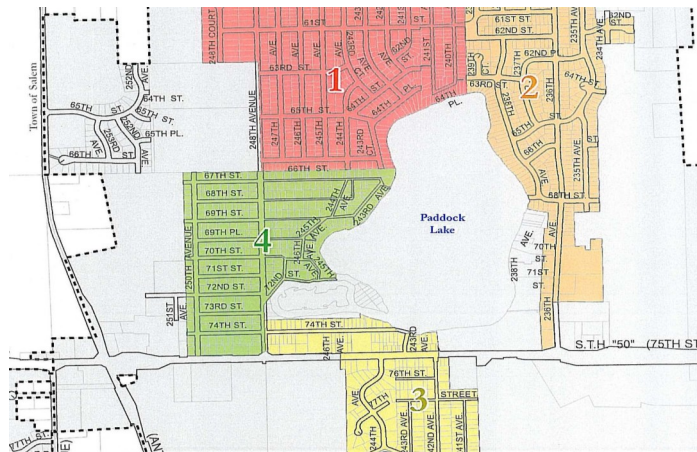

FALL LEAF PICK UP

It is that time of year again; we will be starting the fall leaf pick up. Pick up date starts October 22nd and will end on December 7th. Please remember that only leaves will be picked up. Do not rake rocks, wires, brush, dog droppings or other objects into the leaf piles. They are very dangerous to workers and will clog and damage the equipment. Leaves must be raked as close to the road as possible. Do not rake leaves near mailboxes, the vacuum hose can not reach around the posts.

If you bag your leaves, the bags will not be returned.

Do not wait until the last week to rake leaves.

Leaves will be picked up by zones; Zone 1 will be picked up on Monday, Zone 2 on Wednesday, Zone 3 on Thursday and Zone 4 on Friday.

Create a separate pile for brush and tree clippings.

MONITORING THE YARD WASTE DUMP STIES

The Village is using CCT cameras at the Yard Waste dump sites. This is a reminder to ONLY dump yard waste at the site or you will be issued a municipal citation.

BURGLARY DO NOT BE A VICTIM

As daytimes shorten, especially after Daylight Saving Time ends November 4th, the cover of darkness creates more opportunities for criminals. And as residents gear up for the holiday season, valuable items often get stored inside homes and vehicles. To avoid becoming a burglary victim, the Kenosha County Sheriff's Department suggests you take these precautions.

At home:

- Always secure doors and windows with good quality locks.
- Use lighting and noise, like a television or radio in different areas of the home to create the appearance that the home is occupied.
- Keep valuables in locations that you would not expect to find them— not the master bedroom.
- Keep entry ways well lit and visible to neighbors.
- Use motion-sensor lighting around the perimeter of the home.
- Alert trusted friends or neighbors if you will be away from home for

an extended period of time.

Your vehicle:

- Don't leave valuable items in your car overnight. If you must, keep them out of view by locking them in a glove box, center console, or trunk.
- Lock the doors. Don't rely on pressing the automatic lock on your keyring without verifying the doors are locked.
- Don't leave the garage door opener or key fob in a car parked in driveway overnight.
