CENSUS 101: WHAT YOU NEED TO KNOW

The 2020 Census is closer than you think! Here's a quick refresher of what it is and why it's essential that everyone is counted.

- **EVERYONE COUNTS**— The census counts every person living in the U.S.
- **ITS ABOUT FAIR REPRESENTATION**— Every 10 years, the results of the census are use to reapportion the House of Representatives, determining how many seats each state gets.
- **IT'S IN THE CONSTITUTION**— The U.S. Constitution mandates that everyone in the country be counted every 10 years. The firs census was in 1790.
- **IT'S ABOUT \$675 BILLION**— The distribution of more than \$675 billion in federal funds, grants and support to states, counties and communities are based on census data.
- **IT'S ABOUT REDISTRICTING**— After each decade's census, state officials redraw the boundaries of the congressional and state legislative districts in their states to account for population shifts.
- **TAKING PART IS YOUR CIVIC DUTY**— Completing the census is mandatory: it's a way to participate in our democracy and say "I COUNT!"

HOME OWNER TIPS FOR FALL AND WINTER

Some home safety tips:

- Replace batteries in all smoke detectors
- Smoke detectors over 10 years old need to be replaced
- Check fire extinguishers
- Implement an emergency exit plan, practice with all family members
- Clean out roof gutters
- Inspect and clean if necessary the chimney and flues, fireplace, woodstove and other carbon monoxide producing appliances.
- Install working carbon monoxide detectors on each floor of your home.

DOGS AT LARGE

Per Ordinance 19.02(f)

It shall be unlawful for any person owning or possessing any dog or cat to permit it to run at large. "Run at large" shall mean the presence of an animal which is not on a secured leash of six (6) feet or less on any public property or thoroughfare or on any private property without the permission of the property owner or occupier.

WINTER REMINDERS

MAILBOX PREPARADNESS

Now is the time to check mailboxes and mail box posts to ensure they will withstand a Wisconsin winter. Replace any screws that are missing and replace rotted posts. The Village Public Works Department makes every effort to avoid mailboxes when plowing snow from village streets, but occasionally snow rolling off the plow will damage a mailbox post. We will make every effort to prevent this from happening.

WINTER PARKING

Whenever there is an accumulation of snow of one inch or more, or whenever icing conditions are prevalent which requires sanding or salting, no person, except emergency personnel on official emergency calls shall park any vehicle on any village street, alley or right of way within the Village of Paddock Lake at any time of day or night.

ROAD SALT

The Village Board has determined to reduce the amount of road salt used on village roads during the winter by 40% or more to save the environment. Please remember this while driving on village roads this winter.

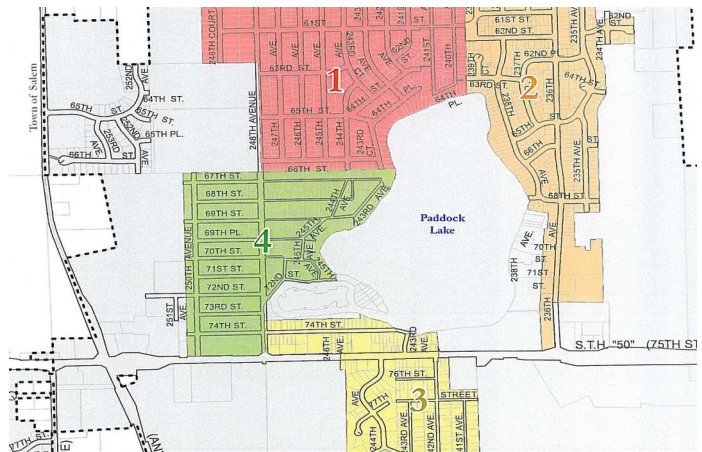

FALL LEAF PICK UP

It is that time of year again; we will be starting the fall leaf pick up. Pick up date starts October 28th and will end on December 6th. Please remember that only leaves will be picked up. Do not rake rocks, wires, brush, dog droppings or other objects into the leaf piles. They are very dangerous to workers and will clog and damage the equipment. Leaves must be raked as close to the road as possible. Do not rake leaves near mailboxes, the vacuum hose can not reach around the posts.

If you bag your leaves, the bags will not be returned.

Do not wait until the last week to rake leaves.

Leaves will be picked up by zones; Zone 1 will be picked up on Monday, Zone 2 on Wednesday, Zone 3 on Thursday and Zone 4 on Friday.

Create a separate pile for brush and tree clippings.
